Spring Wedding for Harry & Megan

As I packed away the Royal Family after our Summer Celebration little did any of us expect they would make an appearance for some years.

How delighted we all were to hear of Harry & Megan's engagement. So without doubt the Royals will be back on show once the "Wedding" date is announce.
In readiness for the day we need to refresh and add a few figures to our tableau.

The Queen must have a new outfit & hairstyle
Harry needs a beard
2 royal children are required who might just be a Pageboy & Bridesmaid ?
Not forgetting the Bride.
Maybe a few Guests?

So if you enjoyed helping us in the past, your help would be appreciated for this special outing.....
It is our intention to ask Hoddesdon Library to display "The Wedding Scene" who have supported previous ventures.

Please contact
